eduCast

eduCast is a knowledge-based web application to provide learning resources in collaboration with the department of education. (from grade 1 to 13).

**Problem Description :** Due to the prevailing situation in the country, most students are not able to attend school and carry on with their learning activities.

Proposed Solution : A web application to which updates with the relavent books, workbooks, short notes and past papers from grade 1 to 13 for those who are unable to continue their activities till the schools re-open.

This will be done under supervision and guidance from the department of education.

ABOUT

Due to the prevailing situation in the country, most students are not able to attend school and carry on with their learning activities.

We provide relevant books, workbooks, short notes and past papers from grade 1 to 13 for those who are unable to continue their activities till the schools re-open. This will be done under supervision and guidance from the Ministry of Education.
